JOSIAH TURNER, Jr., EDITOR.

RESOLUTIONS OF THE NEW YORK DEMOCRATIC STATE CONVENTION.

The Democracy of New York in convention assembled report and re-affirm the pledges they have given to the people in regard to questions of public policy, and they point to the history of their connection with the Government, from the day of its foundation, for the record of their devotion to its interests, the fidelity to its honor, their nationality and patriotism, and their unswerving loyalty to the Constitution; that as the party which derives its principles from Jefferson and Jackson, we are ready to go before the country with the record of our conduct and our principles, and demand to be judged by them.

Resolved, That in pursuance of these principles and faithful to these traditions, we demand the restoration of all States to their rights in the Union under the Constitution; the amnesty of political offenders; the reduction of the standing army; the abolition of that hybrid institution—the Freedmen's Bureau; the restoration of the rightful authority of the judiciary; and the subordination of the military to the civil power.

Resolved, That we arraign the administration of President Grant as false to these principles and measures, and to its pledges to give the country peace; it has, for partisan purposes prolonged the dissension of the States, and by military dictation and arbitrary penalties, is endeavoring to coerce communities and States into assent to its measures; it has failed to protect the masses, and has given countenance and support to class interests, and turning its back upon the people, and become, in turn, the pensioner and patron of accumulated wealth; and that, while thus abusing the standard of administration at home, it has lowered the tone of our diplomacy abroad by the character of its appointments; by its vacillations and hesitations in regard to our rights as to a nation, its want of sympathy with the people struggling for liberty, and its indifference to the fate of American citizens, victims of foreign despotism.

Resolved, That the Democratic party is now, as it always has been, in favor of the fulfillment of all legitimate contracts made by the Federal Government, with the same strictness and honesty that should attend the fulfillment of contracts between man and man; that in case of loans made to the Federal Government by authority of law, it is the right not only of the lender, but of the American people, from the fruits of whose labor such loans must be paid, that such obligations should be discharged when due, in the manner provided for by the law in obedience to which they were created.

Resolved, That the multiplication of taxes, their complexity and uncertainty, and the inquisitorial process by which they are extorted from the people; and still more, that unequal and unjust system by which a moneyed class is declared exempt from the burdens of State and municipal Government, and their share imposed upon their neighbors, is a gross and constantly increasing abuse; that it is the duty of the statesmen of our country to simplify our taxes, distribute them upon the property of the country, reduce the tariff to a revenue basis, and thus release industry from its heaviest burden and give freedom to commerce.

Resolved, That the Fifteenth Amendment of the Federal Constitution, proposed by the Radical majority in Congress in a spirit of contempt of the people and of the right of the States to regulate the elective franchise, and in utter disregard of the pledges of the party, and attempted to be forced upon the States as a condition of their restoration to civil government, and in their representation in the National Legislature, is intended to place the question of suffrage in the hands of the central powers, and by debasing to demoralize the representative system.

AN UNDESIRABLE OFFICE.—A gentleman of Sweetwater, Wyoming Territory, tells a story of his experience on his arrival at the mines in the mountains. It was nearly dark as he alighted from the stage at a hotel.—As he entered the public room he was, of course, marked at once as a new comer.—He had scarcely seated himself comfortably when a gentleman approached him, and, with evident intention of doing the stranger a favor, quietly asked if, as he had just arrived, he did not want a "job." Of course, money was the object of our friend's visit to the mountains, and he at once responded in the affirmative. He would be very much obliged indeed, if he could be put in the way for a good thing.

"Well," said the amiable gentleman, "there is a vacancy in the office of Deputy Sheriff, and I can secure you the appointment if you will accept; the position pays about $8 a day." Our friend concluded this was a fine opening, and intimated his willingness to accept the appointment.—Just then the idea struck him: "By the way" said he, "how happens there to be a vacancy in the office of Deputy Sheriff?"

"Well, you see, stranger," said the amiable gentleman, "our deputy died last night."

"Ah! indeed: how happened it?" "Well he had a slight misunderstanding with another man and was shot." "When was he appointed?" "Day before yesterday" "What became of his predecessor?" "He was shot, too." "How long does a Deputy Sheriff live in these parts?" "About twenty-four hours." Our friend concluded to go to work in the mines, and declined to accept the appointment.

A singular marriage ceremony was performed at a place near Utica a short time since, which the Utica *Herald* describes as follows: "As the parties to be married entered the parlor arm-in-arm the clergyman met them midway in the room, when the bridegroom, taking the right hand of the bride, said: "We have promised to honor and protect each other so long as we live. We intend now to be united and hereafter to live together as husband and wife; and we have invited you to be present this evening to sanction our union according to the requirements of custom and the laws." The clergyman in reply said: "By the authority I possess as a clergyman, and in the presence of these witnesses, I hereby (laying on his hands) recognise you as husband and wife in fulfillment of your promises." Prayer followed and the ceremony was ended."

DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED,

AND THE NEW

UNIVERSAL CLOTHES WRINGER.

Improved with ROWELL'S PATENT DOUBLE COGWHEELS, and the PATENT STOP, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott, Bishop M. E. Church*

"It is worth one dollar a week in any family."—*N. Y. Tribune.*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry, and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it one laundress is dispensed with."—*Wm. M. F. Round, Superintendent of Infant Department of St. Catherine's Nursery, N. Y. City.*

PRICES.—A Fair Offer.

Send the retail price Washer $14, Extra Wringer $9, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines, free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, OCTOBER 4, 1869.

DUTY OF THE GRAND JURY TO-DAY.

The *Standard* says that we have ceased trying to have persons indicted, and charges us with inciting assassination. This imputation is false as it is mean. Pike should be quiet on the subject of assassination, after the cowardly attempt upon our life at the Depot, in which he participated as a sort of "reserve force." He sold he "stood with his pistol cocked in his pocket, waiting for Joe, (meaning Joe Holden,) to advance, but he would not; it not being his fight, d—d if he would; so they all stood until the police came and arrested the crowd, and he felt like a d—d fool." Now, Pike, after this adventure of yours in such an assassinating crowd, we suggest to you that you stand in no very good position to prate about assassination or Ku Klux. Don't you think so?

Now we have never made such effort to have the *editor*, Pike; Joe Holden; Cole Harris; his son Logan; *Parson* the carpet-bag Banker, the Governor's detective and confidential militia Agent; Jenkins, (the Governor's Chief Clerk of a bankrupt Treasurer; Menninger, brother of the carpet-bag Secretary of State, and the bully and grog shop keeper from Gaston whose name we never learned, presented by the Grand Jury for conspiracy. We left the matter where it properly belonged, supposing that the proper Agents of the law, would bring the offenders to justice and condign punishment.

When the attempt was made to assassinate us, the Solicitor asked us to furnish the names of the conspirators. We did so, and declined to go before the Grand Jury; others knew just as much, indeed more, of the transaction than ourself.

The facts are briefly these: Joe Holden and the other parties, armed, in swing that we would come up from Johnston on the train on the evening the affair transpired, went to the Depot of the N. C. R. R. to meet and set upon us, and in the conflict, kill us. There was deliberate agreement and combination entered into at the Capitol for this purpose. The result was made in pursuance of such agreement, and we defended ourself the best way we could, aided by a time friend who happened to be present; and we now believe that nothing but cowardly fear on the part of our assailants saved our life. They saw that we had pistols and were determined to make them pay dearly for our life.

Gov. Holden is as guilty as his son. He declared in his speech, in the midst of an excited crowd before the Mayor, that he knew what his son, Joe, had done, that he knew his son intended to do it before he did it, and he endorsed and approved it.—The truth is, the Governor was party to the conspiracy to kill us! He is just as guilty as any of them. This was one of the moves of the "bull dogger" on a friend who was in their way! The Governor was boss of the concern.

The Grand Jury of the last Court said *no one was guilty*. Now, there men came to the Depot, armed with pistols, clubs and knives, and made a deadly and fearful onset upon us; the peace was broken in an alarming and deadly manner; we drew two pistols, cocked and presented them. If we were not acting in self-defence we were guilty of an assault and battery; if we acted in self-defence, then our assailants were guilty. About this there can be no sort of question or controversy.

We are ready to answer any breach of the law it may be said we committed and the others ought to be made to answer; and we call upon the Solicitor to call the matter specially to the attention of the Judge, and request him to call it to the attention of the Grand Jury, and define to them what constitutes a conspiracy, and what an assault and battery.

Let the law and right be vindicated, and let the people of the State in such vindication see, through the means of a judicial investigation, where men are sworn as to what they say, what sort of a Governor they have, and what manner of men he keeps about him. We demand it in the name of right and truth.

We repeat, we are ready to answer; the others, including the Governor, should be *made* to do the same. We shall see if the criminal law of the State is duly administered in this behalf.

EDUCATIONAL CHANGE.

The Executive Committee of the Chatham Educational Association have wisely changed the time for the meeting of the Association from the 14th to 21st of October, which is the week of the Fair. Let all the teachers of the State attend. The time has come when they should speak out and instruct the grown children of the State as to what should be done for the instruction and education of the minor children, who, all over the State, are growing up in ignorance and, it may be, in vice.

We repeat, we hope all the Teachers of the State, who can do so, will attend the Educational Convention on the day named, (21st Oct.) as we have reason to believe that matters of vital importance to the educational interests of the State, will come up for consideration at that Convention.

CHAPEL HILL—THE STANDARD.

The people of Chapel Hill and vicinity, without seeking any endorsement of their sentiments from us, desire us to say, they will possess their souls in peace and patience, notwithstanding the violence of the *Standard* toward them. They are willing to stand to what they have said. They still think the GOVERNOR committed an outrage in sending a spy in their midst.—They still think it was an outrage to commit the entire administration of the law in their community in the hands of negroes, and negroes only. They still think it inexpedient to condemn hastily or without reserve, good citizens, and true men, for defending their lives and property in the only way that is frequently left them, when attacked by a secret clan whose crimes have become potent in the country. They still think any remedy not provided by law, is so dangerous that it ought not to be used except in the most extreme cases. They still think the conduct of the negroes in their midst, generally, has been praiseworthy.

They do not propose to be unnecessarily alarmed. They know that the day of *Holden's* omnipotence has passed. They know that the tyrants, *Sickles, Canby, Meade* and *Mikes*, no longer bear unlimited sway over them. They know there is such a thing as a *writ of Habeas Corpus*, which even *Judge Towers* dare not refuse to the humblest citizen. They know there is such a thing as *trial by jury* which no power in the State can take away from them. They know that freedom of speech and freedom of action can no longer be abridged or denied to them. They know that *Governor Holden* dare not send a *Lenoir* militia among them except in compliance with the forms of the law. They know that under the law they have a right to bear arms and, if need be in self defence, to use them.—They know that *Governor Holden* dare not openly touch a hair of the head of the humblest of them except in compliance with the forms of the law. They know that his or any other man's secret unlawful attacks they have a right to resist with force and arm, even to far it need be, to "meet murder with death."

Knowing these things they laugh to scorn the impotent anger of the *Standard* and its party, and go on their way rejoicing that a weapon has at last been found, keen enough to pierce the high impenetrable armor of Ridiculism.

TO OUR RALEIGH MERCHANTS.

We learn that there is dissatisfaction felt at the increased rates of advertising that we have found it necessary to adopt; and this dissatisfaction is increased, perhaps, on account of the cheaper rates sometimes, if not generally charged by the Standard.

Remember, that since 1860, there have been *nine* daily papers started in Raleigh, and that many, if not a majority of them perished in infancy, for the want of adequate support. Our advertising rates are from ten to twenty-five *per cent*, lower than some others of the leading papers of the State. Besides the advantage of every advertiser bringing his business directly before the public through the columns of the paper, the advantage is enhanced by the daily publication of market reports, received by telegraph; for which, we are told, the merchants of Charlotte, pay seven dollars per week, a sum more than sufficient to counterbalance the advance we have made in our advertising rates, and which, we have no doubt, our merchants will, upon reflection be willing to pay to keep up a live paper among them. We pay six hundred dollars a year for these dispatches, by which they are immediately benefited.

As to the rates charged by the Standard, we have nothing to do with them. We do business in a business way, and cannot undersold to get something to fill our columns. Besides, we have not the advantage of the large amount of high bankrupt advertising which Judge Brooks has thrown into the columns of the *Standard* to help run it; nor the large profits of the sale of Florida Railroad bonds, as Gen. Littlefield is reported to have. Nor have we ever been fortunate enough to make a $100,000 fee for lobbying through the Chatham Railroad bill, as Gen. Littlefield is said to have done, nor got a fat job of State printing, amounting to five or six times as much as it ever did before in this State, as the Standard is now doing.

We have to stand alone, unsupported by any of these props, and therefore endeavor to so arrange our rates of subscription and advertising as to make the SENTINEL self-supporting, at the same time, having a care not to make our rates higher than other papers of the State. When we get leave to set up a grog-shop in the capitol, and lobby through bills at heavy fees, by means of bribery and whisky, we will send a paper to each man in the State at half price and advertise every thing but humbugs, gratis. Should we ever speak of North Carolina wives and daughters as the *Standard* once did, we should not expect any one to advertise in it, or even to read it, however cheap we might make it.

A HERMIT IN THE HEART OF NEW YORK.—While the New York detectives, Friday, were looking after a swindler at 34 Liberty street, they found on the top floor a man whose name and antecedents were unknown, although he had been there seventeen years, and had during that time occupied a small, plainly furnished room, lighted only in such a manner that intruders' eyes could not peer into it. Hundreds of attempts had been made to converse with him, but he resolutely declined conversation. He is now and has been regarded as a mystery. No one knows how he lives, except that he goes out occasionally to buy food, nor where he gets the money from with which he makes his purchase and pays his rent. He dresses well and looks healthy. Yesterday he twice opened the door and looked out when one of the detectives was there, and evinced nervousness. The owner of the building, an elderly man and a millionaire, who for several years had an office in the house, endeavored to penetrate the hermit's secret, but failed, as did the janitor, a very aged negro, familiarly known as Sam.

Correspondence of the Sentinel.

LOUISBURG, N. C., Oct. 1st, 1869.

Editor Sentinel:—On Tuesday night last, the jail of this county was broken and Thomas McGiffin, white, Stephen Holden and Henry Perry, colored, of this county, and Anderson Davis and Cephus Pete, colored, of Warren, escaped. McGiffin was tried at the last term of the Superior Court of this county, and convicted on two indictments, one for affray and the other for a misdemeanor. He was awaiting Halifax Court, where there are several charges against him. The others were all convicts and sentenced to terms of confinement in the Penitentiary. McGiffin had made a previous attempt to escape but was detected and stopped. The Jailor then removed him to another dungeon, which he thought more secure, but which, it seems, could not hold him. He is a turbulent character and has made many threats since his confinement, as to what he will do for a number of persons in this county.

Dr. Crenshaw, the faithful and gentlemanly Assistant Revenue Assessor for this county, has had to give way to one who is supposed to be a bet er friend of the party. Mr. James C. Wynne has been appointed in his stead. This is almost universally regretted in this community. Dr. Crenshaw, while adhering strictly to the best interest of the government in the discharge of his duties, was courteous and obliging to the people, and was very highly esteemed by them.

A taxation is a subject which is receiving some attention from you. I give an abstract of the Taxes levied in this county for the present year:

General State Tax,	$8394,07
Special Rail Road Tax	8666,50
General County "	8187,55
Special " "	7372,43
Total	32 620,55

The tax on the Poll is $2,70, and $1,20½ on one hundred dollars worth of property. The taxes are being paid much better than it was expected that the people could.

There has been a very long drought here, and the corn crops except in the bottom lands is cut very short. Farmers hope to realize a half crop of cotton. H.

PUBLIC MEETING IN WATAUGA COUNTY N. C.

Pur suant to previous notice a very large number of the citizens of Watauga county, assembled at the Court House in Boon, on Monday the 20th of Sept. 1869, when the following proceedings were had:

On motion of P. B. Daugherty, Esq., Capt. G. W. Bradley was called to the chair and John R Hodges and W. W. Presnel, were requested to act as Secretaries. The Chairman on taking his seat briefly explained the object of the meeting as will be understood by the accompanying resolutions.

On motion, the Chairman appointed a Committee to report business for the consideration of the meeting consisting of the following persons, viz: D. B. Daughrty, Esq., Wm. Horton, Wm. F. Shull, Esq., M. P. Whittington, Esq., and Capt. Jordan Cook. During the absence of the Committee the meeting was well entertained by E. M. Farmer, Esq., Capt. G. W. Bradley, and Maj. Wm. B. Malone, at the conclusion of the address of the latter the Committee reported back reported through their Chairman Wm. Horton, the following resolutions viz:

WHEREAS, The people of the State are now greatly oppressed by an enormous taxation, resulting as we believe from unwise and reckless legislation, and whereas, we are of opinion that much of the Legislation of the last session was in the interest of certain combinations of capitalists, whose object was to speculate in the bonds of the State, and thereby amass huge fortunes at the expense of our already impoverished people, and whereas we are of opinion that without an early change in the administration and the policy of the State, that our people are doomed to ruin and bankruptcy, therefore,

Resolved 1st. That we hereby, without distinction of party, denounce much of the unwise and ruinous legislation of the General Assembly of North Carolina at it last session, and we hereby express our opposition to all the extravagant issuing of the State bonds while at any attempt to build the Railroads for which they were appropriated, and, that the conduct of a majority of the Legislature merits the scorn and indignation of the people of the whole State.

2nd. That we hereby express our determined opposition to the efforts of certain expounders of the Constitution to perpetuate the existence of the present Legislature for the term of four years.

3rd. That we express great surprise at the present enormous taxes being gathered from our suffering people, and that we pledge our efforts to elect such men as will go actively to work for the relief of the people from this terrible weight of taxation.

4th. That we condemn the practice of all high judicial functionaries of this State dabbling in politics.

These resolutions being under consideration the following additional resolutions were offered by E. M. Farmer, Esq:

5th. That in the opinion of this meeting, four dollars per diem is enough to allow members of the General Assembly, and that the pay of all salaried officers should be reduced in proportion, and the following amendment being offered by Col. Wm. Horton, viz:

Resolved, That the present Constitution of the State as we believe has proven itself inadequate to the wants and wishes of the people of this State, we, therefore recommend that a Convention be called that will give us the old Constitution, *or as near as* may be, so as not to conflict with the Federal Constitution, *or* the necessary changes brought about by the result of the late war; which amendments were adopted, when the whole passed without a dissenting voice.

On motion of Wm. Shull, it was resolved that the proceedings of this meeting be published in the Raleigh SENTINEL, and *Standard* and the Charlotte *Democrat*, when,

On motion of Phineas Horton, the meeting adjourned.

G. W. BRADLEY, *President.*
JOHN R. HODGES, }
W. W. PRESNEL, } *Secretary's.*

NOTE.—A large number of leading Republicans participated in this meeting.

The following is the codicil of the will of the late Caleb Dorsey, Esq., of Howard co., Md., making a charitable bequest for the benefit of Southern people. The codicil bears date August 19, 1869:

"I give and bequeath $30,000 to my brother, Reuben M. Dorsey, Esq., and Gov. T. W. Ligon, in special trust, to apply the same to the relief of such portions of the people of the late slave holding States of this Union as the said trustees may think most require assistance on account of their suffering and want, and the said sum of money shall be applied in such manner as they may deem best to accomplish my purpose.

If my personal estate should not prove sufficient to pay all legacies, including this of $30,000, I direct that so much shall be deducted from the $45,000 given by the codicil dated August 16, 1869, as may be necessary to make up this legacy for the benefit of the people of the South."

THE MISSISSIPPI RADICAL CONVENTION.

JACKSON MISS., September 30.—The Convention made the additional nominations of H. Musgrove, for Auditor; W. H. Vassar, Treasurer; J. S. Morris, Attorney General; and H. R. Pease, Superintendent of Public Instruction.

The following resolutions were adopted:

Resolved, 1. The Union first, last, and forever.

2. Freedom of speech and of the press.

3. Universal suffrage and universal amnesty.

4. Free schools, presenting the benefits to every child in the State.

5. Opposition to that unjust system of taxation that discriminates against labor and unjustly bears upon the industrial classes.

6. The revision of the condition of free labor with a view especially to a more summary process for the recovery of debts.

7. Adherence to the thirteenth and fourteenth amendments to the Constitution of the United States.

8. The exercise of the whole political influence of the State with Congress for the immediate removal as provided of the disabilities imposed by the fourteenth amendment.

9. The ratification of the fifteenth amendment to the Constitution of the United States.

10. The new Constitution of Mississippi with the disfranchising and proscriptive clauses left out.

GEARY'S VALOR.

We find in the *World* the following incident in the career of the notorious Geary, who at present disgraces the gubernatorial chair of Pennsylvania, and who is supported by his party for re-election:

During the battle of Contreras, fought August 19, 1847, General Scott sent an order to General Quitman for a detachment of two regiments to support the troops engaged. General Quitman's aide intended to select Barnett's New York regiment and Geary's Pennsylvania. But no field officer of the latter could be found with the regiment, and so the aide was compelled to substitute the Palmetto regiment, although its Colonel (Butler) was ill at the time.—This Colonel was killed next day, as the discreet Geary probably would have been had he not been out of the way when the order came to his regiment.

The story that Geary was undiscoverable at this critical moment got to Pennsylvania, and elicited a bitter attack upon that hero from a Pennsylvania paper. This paper came to Geary's notice when our army was in occupation of the city of Mexico, and after General Quitman had returned to Washington, though the slide in question was still at headquarters. Thereupon, Col. Geary and his Lieutenant-Colonel, who was equally implicated, sought out this *aide*, set forth the slanderous report which was current in Pennsylvania against them, and asked him, a second-lieutenant, fresh from West Point, to give them, two field officers, a certificate of courage!

This the aide promptly and decidedly declined to do, on the ground of the glaring impropriety of an officer of his rank certifying the character of officers of theirs, and pointed out to them that the exhibition of such a testimonial as they asked for would bring more discredit upon them than even their allowing the charge of cowardice to go unanswered. Moreover he informed them that he could not contradict the article, for that the statement of facts in it as to their invisibility when wanted, were perfectly correct, though the inferences of cowardice drawn from that fact might be unwarranted.

That aide and second-lieutenant of the war of 1847 was a division commander in the war of 1861, and served as such from the first Bull Run to Appomattox Court House. The facts here stated come directly from him, and we are empowered to say that his name is quite at the service of General Geary, should he choose to apply at this office for it.

Of such stuff are Radical military heroes made.

POSITION IN SLEEPING.—It is better to go to sleep on the right side, for then the stomach is very much in the position of a bottle turned upside down, and the contents of it are passing out by gravitation. If one goes to sleep on the left side, the operation of emptying the stomach of its contents is more like drawing water from a well. After going to sleep, let the body take its own position.

If you sleep on your back, especially soon after a hearty meal, the weight of the digestive organs and that of the food resting on the great vein of the body, near the backbone, compresses it and arrests the flow of the blood more or less. If the arrest is partial, the sleep is disturbed, and there are unpleasant dreams. If the meal has been recent and hearty, the arrest is more decided; and the various sensations, such as falling over a precipice, or the pursuit of a wild beast, or other impending dangers, and the desperate effort to get rid of it, arouse us, and sends on the stagnating blood; and we wake in a fright, or trembling, or in a perspiration, or feeling exhausted, according to the degree of stagnation, and the length and strength of the effort made to escape the danger.

But when we are unable to escape the danger—when we do fall over the precipice, when the trembling building crushes us—what then? That is death! That is the death of those of whom it is said, when found lifeless in the morning, "That they were as well as ever they were the day before," and often it is added, "and ate heartier than common." This last, as a frequent cause of death to those who have gone to bed to wake no more, we give merely as a private opinion. The possibility of its truth is enough to deter any rational man from a late and hearty meal. This we do know with certainty, that waking up in the night with painful diarrhœa, or cholera, or bilious cholic, ending in death in a very short time, is probably traceable to a late large meal. The truly wise will take the safe side. For persons to eat three times a day, it is amply sufficient to make the last meal of cold bread and butter, and a cup of some warm drink. No one can starve on it; while a perseverence soon begets a vigorous appetite for breakfast, so promising of a day of comfort.—*Hall's Journal of Health.*

Governor Palmer of Illinois tells the colored people in his public address that although the constitution of the State does not allow them to vote, there is nothing to debar them from the privilege of holding office. The qualifications for the exercise of the two rights are different but very explicitly stated in the constitution.

A negro preacher in Louisiana recently got off the following for the benefit of his hearers: "You think de Lord ain't bout hesh all de time! If you dos you are mistaken. One time He met de debbe walkin' round, like a roarin lion, an de Lord say, I gwine to put you into the pit for a thousand years, an I got a great mind to put you in dar for two thousand years; after dat, if I cotch you roun' again I'll put you in dar forebber, if I's got to do it at de *pint ob de bayonet.*"

There is a firm in Boston named Gray & Lunt. Half their letters come to them addressed "Lay & Grunt."

NEW ADVERTISEMENTS.—We take pride and pleasure in referring to our advertising columns, and especially to call attention of those who may be in Raleigh during the week, in attendance on the session of the Court, to the advertisements of Raleigh merchants in the various departments of trade.

The new advertisements for to day are,

Messrs. Primrose, Petty and Newsom, Staple and Fancy Dry Goods, Ladies' Dress Goods, Goods for gentlemen's wear, Hats, Caps, Boots and Shoes—a large and beautiful stock.

Mrs. Ettinger, Millinery &c., alluded to in another paragraph.

R. B. Andrews, a tremendous stock of clothing, also alluded to in another place.

Moseley, Pentress's corner, has a very large stock of candies and other articles in his line; we omitted to state, in calling attention to his advertisement heretofore, that he will keep oysters during the season, prepared in all the styles yet discovered.

We call attention of those interested to the advertisement of Mr. C. W. Lambeth, Agent of A. S. Barnes & Co., New York, for the introduction and sale of Books published by that house.

MAYOR'S COURT.—Nick Perry and Charles Dean, both white, the latter a discharged soldier, up for an affray at the N. C. Depot, on Saturday; both tight, and in default of bonds of $100, sent to jail.

Henry Renton, colored, caught Saturday morning by the police, with an old bed tick in possession, supposed to be worth about twenty five cents, the owner of which declining to prosecute, Henry was dismissed with a warning.

WE CALL the special attention of our lady readers to the advertisement of Mrs. Isaac Ettinger, her reputation as a first class milliner is so well established, that it is useless for us to say any more, except that she will have an opening on Friday the 8th day of this month.

CREECH.—Among the go a head and thriving merchants of this our city of Raleigh, our old friend Creech is not, by any means, behind the most enterprising and energetic. Go into his establishment when you will, you are sure to find it, in his own emphatic language, "chock full" of good and fashionable goods, from domestic and foreign markets; and if a continual flow of customers going in and out, be an evidence of popularity, or the great number of bundles and packages they take off with them an evidence of liberality in dealing, then CREECH can exhibit, day by day, the evidence of both popularity and liberality in dealing.

All Creech's customers have a good word for his good bargains

RALEIGH TYPOGRAPHICAL UNION, No. 51. This Society met at the Court House on Saturday afternoon last, it being the regular monthly meeting, and also the time for the annual election of officers. The following members were elected officers for the ensuing year:

J. H. Alford, *President.*
J. S. Harward, *Vice President.*
J. C. Birdsong, *Recording Secretary.*
J. W. Marcom, *Corresponding Secretary.*
C. B. Edwards, *Treasurer.*
H. C. Powell, N. B. Broughton, and J. G Carter, *Finance Committee.*

After a session of some three or four days the Penitentiary Board of Commissioners, adjourned on Saturday, to meet again on the last Monday of the present month.

The great success which has crowned the efforts of Dr. Bernhardt since he has been in our city increases daily, and his office has been crowded during office hours by those desiring to avail themselves of his well known skill. We understand that he will close his office in Raleigh Saturday, Oct. 2nd, and will be at Mrs. Strayhorn's, in Hillsboro' on Tuesday, Wednesday and Thursday, Oct. 5th, 6th and 7th, and we would advised those anxious to consult him to do so as quickly as possible.—The following letter, from one of our most accomplished ladies of Williamsboro', Granville county, N. C., speaks in merited language of the Doctor's skill:

I am using Dr. Bernhardt's glass for near sigtedness, with both mental and physical ease. They have opened to me an unknown world of beauty and interest which I would not exchange again for my former darkness for any pecuniary consideration.

LAURA H. GRICE.

Williamsboro', N. C., Sept. 28, 1869.

FOR THE FAIR.—We learn that Messrs. A. D. Royster and Henry Fendt have secured the Ladies' Refrectory within the enclosure of the State Fair Grounds, and will, during the Fair, keep a first class saloon.

We also understand that Mr. N. S. Moseley and Messrs. Bradley & Christopher, will have Refreshment Booths at the same place, and will dispense all that the palates of the most tastidious could desire.

OPENING OF THE FALL TRADE.—The season is opening briskly in all the branches of business. There is great activity in the Dry Goods and Clothing trade. We hear that R. B. Andrews & Co., are doing an unprecedentedly fine trade this season. It is an old established House, well and favorably known and is constantly increasing in popularity.

THE N. C. STATE FAIR will be held in Raleigh, commencing on Tuesday, October 19th, and continue Wednesday, Thursday and Friday, 20th, 21st and 22nd.

The Fair of the Central Agricultural Society will be held at Henderson, on the R. & G. Railroad, on the 12th, 13th, 14th and 15th of October.

The Fair of the Cape Fear Agricultural Association will be held at Wilmington, on the 16 h, 17th, 18th and 19th of November.

BORDER Agricultutal Fair, at Danville, Va., October, 13th, 14th and 15th.

IT DON'T PAY.—We understand the new office of "City Appraiser," has no salary attached to it; the only remuneration being the perquisites arising from an assessment made on disputants, for his services as appraiser, which assessment will subject the officer making it to indictment, every time he does it. The special office was created for a special purpose, and is a soft of "rub to the whale," to salve for broken promises that there was no other means of healing. If Tom Coats takes this empty office of City Appraiser and gives receipt in full, he is much easier satisfied than we should be under the circumstances.

EXCURSION TO BALTIMORE.—The Roanoke *News* speaks of an excursion from that place to Baltimore, about the 18th inst. Don't you remember, Stone, that that is the time of the State Fair? We mention the fact, believing that our Weldon friends, when they come to think of it, will arrange the time so as not to let the excursion conflict with the Fair. We hope to see many of the good people of that region, including the fair ladies, gracing the grand agricultural *fete* at Raleigh about the 20th of this month, and Stone may come, too. We'll see that Pike shan't gobble him up.

"HERE SHE GOES—THERE SHE GOES."—Last week our State bonds fell, in the New York market, to forty cents in the dollar for greenbacks; while our Governor and Treasurer were there. On Saturday, they went up to forty nine; our Governor and Treasurer still there; a rise of nine cents in three days. Now suppose, M. S. L. who was there, also, had *happened* to buy, for somebody, five hundred bonds of one thousand dollars each, on Wednesday, at *forty*, and suppose he had *happened* to sell them, for somebody, on Saturday, at *forty nine*, how much money would somebody make? Only forty five thousand dollars in three days!

A NEW FARM JOURNAL.—We have received the first number of "The Rural Carolinian," published at Charleston, S. C., by Walker and Cogswell, at $2 per year, in advance. It is well gotten up, contains 64 pages, and from the casual glance we have been able to give it, it seems to be well adapted to the information of farmers.

[From the Charlotte Times, Oct. 2.]

I have this day withdrawn from the firm of R. P. Waring & Co., and the *Times* office, and the various papers issued here have passed into the hands of Messrs. R. H. & A. Aldrich, who will continue the publication. These young men have been connected with this paper almost since the surrender, and are thorough newspaper men and practical printers. By this arrangement, the paper will secure additional labor and capital, which secures its stability and adds to its usefulness.

By divesting myself of all interest and control of the business department, I shall be enabled to give more time to my editorial labors. R. P. WARING.

We this day assumed control of the *Times* office and its various issues, and will on Tuesday morning, present the "Times" in an elegant outfit of new type from Messrs. Jas. Connors & Sons, and will then be enabled to print as handsome a paper as new material and skillful workmen can. The paper is now in a flourishing condition, and all we ask of our friends is, that they will continue the same generous support that the paper has so long enjoyed.

R. H ALDRICH & Co.

OUTRAGEOUS.—About one o'clock, on Thursday night, as Mr. Wm. P. Grimsley, of Greene county, a well known Radical politician, was quietly talking with a friend, near Orr's suttler store, a party of negroes approached and some one of them, without the slightest provocation, struck him a violent blow on the head with a club. Mr. Grimsley was killed to the earth and momentarily stunned. On recovering he attempted to find out who the assailant was, but all in the crowd denied any knowledge of the cowardly miscreant.

What was the object for this unprovoked assault is not known. It is supposed to have been mere wantedness, for no attempt was made to rob.

The police arrested a negro boy named Frank James, yesterday, on suspicion of having dealt the blow.—*Western Journal of Commerce.*

The old hospital buildings in the southern portion of the town have been torn down, and the material will be used in the building of a jail upon the lot belonging to the town just back of the African church.

A gentleman from Scotland Neck yesterday gives us the gratifying intelligence that the cotton crop in that section will be larger than it has been for many years. The farmers have already picked and housed much of it. Last year they commenced picking the first of October.—*Roanoke News.*

A woman in Concord, crazed by religious excitement, insisted upon preaching in the garb of Eden.

The vote was 1 007 short of that of the 6th of last July. The radical candidate received with, perhaps, the exception of a dozen, the united colored vote and 48 white votes.

CAPE FEAR AGRICULTURAL ASSOCIATION FAIR.

CAPE FEAR AGRICULTURAL ASSOCIATION
WILMINGTON, N. C., Sept 28, 1869.

The Executive Committee regret that the published list of members of the *Awarding Committees* does not contain the names of any gentlemen from Robeson county. The Committee in selecting these *Awarding Committees* were actuated solely by a desire to secure such competent parties as was believed would attend the Fair. To this end reliable persons in the several counties, who had evinced an interest in the success of the Association were written to for this information. The reply from Robeson was delayed until after it was necessary to put the Premium List to press, and in this way there appears to be a neglect of that county. The members of Committees from Robeson will be duly announced when other Committees are completed.

The Committee for "Floral Hall" were, with two exceptions, added just as the List was ready or press, and they were announced without consultation. Consequently it was impossible to include names from the various counties, not even from New Hanover. These Committees will be filled and duly announced.

The Executive Committe take this opportunity to request their friends, and the friends of the good work they have undertaken, to aid them in promoting its success. Urge the people to be fully represented in every branch of production and industry at the "First Annual Fair."

S. L. FREMONT, President.

Papers friendly to the Association will please publish.

A FRENCH STORY.—In 1760 a gentleman was passing, late at night, over Pont Neuf, Paris, with a lantern. A man came up to him and said:

"Read this paper."

He held his lantern, and read as follows:

"Speak not a word when this you read,
Or in an instant you'll be dead!
Give up your money, watch and rings,
With other valuable things—
Then quick in silence, you depart,
Or with a knife I'll cleave your heart!"

Not being a man of much pluck, the affrightened gentleman gave up his watch and money and ran off. He soon gave the alarm, and the highwayman was arrested.

"What have you to say for yourself?" inquired the magistrate before whom the robber was arraigned.

"That I am not guilty of robbery, though I took the watch and money."

"Why not guilty?" asked the magistrate.

"Simply because I can neither read nor write. I picked up that paper just at the moment I met this gentleman with a lantern. Thinking it might be something valuable I politely asked him to read it to me. He complied with my request, and presently handed me his watch and purse and ran. I supposed the paper to be of great value to him, and thus liberally rewarded me for finding it. He gave me no time to thank him, which act of politeness I was ready to perform."

The gentleman accepted the pleas of the robber, and withdrew his complaint.

WASHINGTON, Oct. 2.—It seems certain that new Cuban expeditions are engineered by parties unknown, but much more potent than the old Cuban Junta.

Advices from Canada, details from New York, especially as supported by the *Herald's* dispatches from Key West, indicate formidable demonstrations.

PENNSYLVANIA.

PHILADELPHIA, Oct. 2.—There was another political row last night; eleven persons known to be seriously wounded, six Democrats four Republicans, three citizens and one police man. The Democrats drove the Republicans from their headquarters and destroyed their transparencies.

CALIFORNIA.

SAN FRANCISCO, Oct. 2.—There was a heavy earthquake, with a loud noise, at 34 last evening.

INDIANA

INDIANAPOLIS, Oct. 2.—The boiler of one of the two engines competing for speed at the State Fair, exploded, killing nineteen and wounding many. Among the killed is a Mr Jackson, of Memphis.

FROM CUBIA

HAVANA, Oct. 2.—The barometer indicates a hurricane. The Captain of the Port ordered vessels in the harbor to be securely moored.

FROM NEW YORK.

NEW YORK, Oct. 2.—Receipts of Cotton for the week at all the United States ports amounts to 57 628. Exports to Great Britain 7,434; exports to Continent 2,379; Stock on hand and on ship board not yet cleared 86,554.

The *Herald's* Key West special says that a Cuban expedition, four hundred strong, escaped from New York harbor on Monday and reached the Florida coast where they were joined by the Cuban Privateers "Sillian" and "Teaser," with 1000 men under Gen. Goleta. The fleet was freighted with 10,000 rifles, 5,000 sabres and 20 guns, ranging from six to twenty-four pounders. Another body of men, under Steadman and Magruder, are about embarking from a Gulf port for a common rendezvous off the Cuban coast. The "Sillian" and "Teaser" sailed last night and will be joined at sea by the Cuban Privateers, "Hornet" and "Cuba," carrying each 15 guns, some of which are 100 pounders. Volunteering is very brisk along the entire Gulf coast; five thousand men are waiting transportation.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappreciated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes; and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF ERIOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearts of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 588 policies, received an income of seventy-eight thousand dollars, and possessed most assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13 837 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."

The Daily Sentinel.

For the Sentinel.

At a meeting of the Directors of the North Carolina Real and Personal Estate Agency, held on the 31st day of August last, I was elected President. On the next day a drawing was advertised to take place on the 19th day of November, 1869, and my name published as President. This advertisement was made without consultation with me, and before the affairs of the Company had been looked into. Upon examining into them, I discovered that the assets were not sufficient to justify the announcement, and I immediately called a meeting of the Stockholders for the 16th day of September. At the meeting of the Stockholders on that day, I stated the condition of the affairs of the Company, as well as I could ascertain them from the books as I found them. The following resolutions were therefore adopted:

Resolved, That the President appoint a Committee of three to examine the books and papers of the Company, and ascertain, if possible, what disposition has been made of its funds.

The Committee under the resolution reported that they had not sufficient time for a thorough examination, and offered the following resolution:

Resolved, That the President be directed to employ two competent men to examine thoroughly into the affairs of the Company; to ascertain and report what disposition has been made of its funds; to put its present books into the best possible condition, and to open a new set of books upon such a system as shall secure the affairs of the Company from confusion hereafter.

This was amended so as to allow the President to appoint a third person, to be employed for not more than five days; and thus amended, passed.

The Chairman of the Committee also offered the following:

Resolved, That the thanks of the Stockholders are due, and are hereby tendered, to R. G. Lewis, Esq., Treasurer of the Company, for the faithful manner in which he has discharged his duties.

This was adopted, and it was then further

Resolved, That the Board of Directors be requested to make an assessment of three per cent. upon the stock of the Company, to be paid as follows: one per cent. within 15 days, and two per cent. on the 15th of October next.

Resolved, further, That the Stockholders who have already made payments of cash upon their stock, be allowed credit to the amount of such payments, upon this assessment, and if this assessment be not sufficient to meet the liabilities of the Company, the Board of Directors shall increase the assessment until it be sufficient.

Resolved, That the President is hereby requested to enquire into the matter of money paid to J. G. Hester, the late President, at Wilmington, for tickets and stock sold there, and to require the said J. G. Hester to pay said money to the Treasurer, or to account for it.

After the adjournment of the Stockholders, a meeting of the Board of Directors was called for Saturday the 18th inst. At this meeting, the following Directors, with the President attended: Robert G. Lewis Esq., and Messrs. J. G. Hester, J. C. Hester and Wesley Whitaker. After the proceedings of the Stockholders were read, R. G. Lewis Esq., offered the following resolution:

Resolved, That an assessment of three per cent, on the stock sold, be made—that one per cent of the same be paid on the 1st of October, one per cent on the 15th of October, and one per cent on the 30th of October.

Resolved, Further, that the Stockholders who have already made payments of cash upon their stock, be allowed credit to amount of such payments, upon this assessment. Mr. J. G Hester moved to amend by striking out all after the words "30th of October," and inserting the following:

Resolved, Further that the provisions of this resolution shall not apply to the stock sold by the late President in Wilmington, upon which 10 per cent was paid." This was accepted by Mr. Lewis, and the resolution, after discussion, passed.

The public can see from this action of the Stockholders, as well as of the Directors, that steps are being taken to raise money sufficient to place the Company upon a sound footing. I assure the public that every proper means in my power, as an individual, and as an officer of the Company, will be resorted to, to put right the affairs of the Company, and save those who have taken tickets from loss. No scheme will be advertised until this is accomplished, and then parties holding tickets can have the option to take money or exchange them for others. I feel a deep personal interest in the getting of the affairs of the Company straight, in addition to the interest I feel as an officer. My name was connected with it as one of the supervisors after the first drawing. While so acting I had no interest in the Company, and my only duty was to see that the drawings were fairly conducted, and I can assure the public that they were.

Very recently, before my election as President, I purchased some stock, but never knew anything of the financial condition of the Company until after my election.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when these could be obtained.

RALEIGH, N. C.

I have examined the Geographies—Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable.

From Col. Wm. Bingham, Prin. Bingham School, N. C.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

Prof. Wm A. Graham, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. Dugger, Esq., Prin. Male Academy, Warrenton, N. C.

WARRENTON N. C.

"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation.
J. E. DUGGER.

From W. C. Kerr, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts; and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. Bernheim, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.

MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance.
G. D. BERNHEIM.

From Prof. Jos. H. Fox, President Stantonsburg Seminary High School, N. C.

WILSON, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——— which stands next best on the list.

McNally's, the 5th book of the course is decidedly the *chef d'oeuvre* of Geographies No competent instructor can examine it for an hour without being struck with its extraordinary merit.
J. H. FOY

From the Statesville, N. C. *American*, February 25th, 1866.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller, The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1866.

NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1866.

NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. Daily *Herald*, 1866

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE

IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

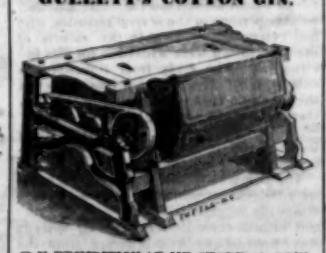
GULLETT'S COTTON GIN.



ON EXHIBITION AT MY STORE, A "GULLETT'S STEEL BRUSH GIN."

The Gin is of a very superior style of workmanship, gins more Cotton in a given time than any Gin of the same number of saws; picks the seed cleaner; leaves no motes or nap; does not waste the lint by throwing it over the walls of the room where it is being ginned; does not cut the lint, but brings it out in beautiful bats.

Planters desiring Gins would do well to buy one of Gullett's, as each one is guaranteed, and if it does not have the advantages, over other Gins, named in this advertisement, after fair trial, it will be no sale.

The "Gullett Gin" has been awarded the Premium at the several STATE FAIRS of Louisiana, Alabama and Mississippi.
